CANADIAN STATISTICS.

CENSUS OF 1890–91.

INTRODUCTION.

VOLUME FOURTH.

The contents of this fourth and last volume of the Census need little explanation. Tables I. to V. refer to "Immovable Property," "Field Products," "Animals and Animal Products," "Various Farm Products" and "Products of the Forest," and are sufficiently explained by their several headings.

Table VI. gives the number of Industrial Establishments compared by groups based on the value of manufactured products, for the years 1881 and 1891. As it was impossible, in the Province of Ontario, to compare some of the districts of the last census with those of the previous census, owing to the changes of boundary occasioned by the Readjustment Act of 1882, the province was subdivided into territorial groups of districts for that purpose.

In table VII. will be found the total number of Industrial Establishments given alphabetically by districts and provinces.

Table VIII. gives a comparative statement of Industries in cities, towns and villages for the years 1881 and 1891.

In tables A to P will be found summary statements relating to population, with ratios and comparisons. Thus, in table A, Canada is shown as having 439·1 acres of land to a person, while the unoccupied area of land is 426·0 acres to a person. The proportion to the total acreage, by provinces, is as follows: Ontario, 6·5; Quebec, 6·7; Nova Scotia, 0·6; New Brunswick, 0·8; Manitoba, 1·9; Prince Edward Island, 0·1; British Columbia, 11·5, and the Territories, 71·4. The following figures represent the kinds of houses the people dwell in: Wood, 81·5 per cent; brick, 15·5, and stone, 3·0. The percentage of population by provinces, is: Ontario, 43·9; Quebec, 30·7; Nova Scotia, 9·3; New Brunswick, 6·7; Manitoba, 3·1; Prince Edward Island, 2·3; British Columbia, 2·0, and The Territories, 2·0.

Table B refers to houses and families, also to the civil condition of the people, and shows that there are, for the Dominion, 5·6 persons to a house, 5·2 persons to a family and 1 family to a house. The percentage of houses having one story, in Canada, is: 63·5; two stories, 33·6; three stories, 2·5, and four stories, 0·4. The proportion of houses having one room is: 2·09; two rooms, 8·0; three rooms, 11·0; four rooms, 15·8; five rooms, 12·2; six to ten rooms, 43·3; eleven to fifteeen rooms, 5·6, and sixteen rooms and over, 1·2.

Out of every 1,000 of the population there are 509·1 males and 490·9 females; 528·6 are married, 39·7 widowed and 631·7 children and unmarried. In this table the proportion of French Canadians is also given as 290·7 per thousand of the population.

STATISTIQUE DU CANADA.

RECENSEMENT DE 1890-91.

INTRODUCTION.

QUATRIÈME VOLUME.

Le contenu de ce quatrième et dernier volume du recensement ne demande que peu d'explication. Les tableaux I à V ont rapport aux matières suivantes :—"Propriété Foncière," "Produits des Champs," "Animaux de la ferme et leurs produits," "Divers produits de la ferme," "Produits de la forêt," tous suffisamment expliqués par leurs en-têtes respectifs.

Le tableau VI donne le nombre d'"Etablissements Industriels," comparés par groupes basés sur la valeur des produits manufacturés, pour les années 1881 et 1891. Vu l'impossibilité, dans la province d'Ontario, d'établir des comparaisons entre les districts des deux derniers recensements, à cause des changements apportés par la loi de Rajustement de 1882, la province a été subdivisée, dans ce but, en groupes de districts territoriaux.

On trouvera dans le tableau VII le nombre total des "Etablissements Industriels," donnés alphabétiquement par districts et par provinces.

Dans le tableau VIII se trouve un état comparatif des différentes industries telles qu'elles existaient en 1881 et 1891.

Dans les tableaux A à P se trouvent des états sommaires ayant rapport à la population. Ainsi, dans le tableau A, le Canada est représenté comme ayant 439·1 acres de terre par tête de la population, tandis que l'étendue de terre inoccupée s'élève à 426·0 acres par tête. La proportion par provinces, quant au total de la superficie, est indiquée par les chiffres suivants :—Ontario, 6·5 ; Québec, 6·7 ; Nouvelle-Ecosse, 0·6 ; Nouveau-Brunswick, 0·8 ; Manitoba, 1·9 ; Ile du Prince-Edouard, 0·1 ; Colombie-Britannique, 11·5, et les Territoires, 71·4. Les chiffres suivants représentent les différentes constructions dans lesquelles habite la population du Canada :—Maisons en bois, 81·5 ; maisons en brique, 15·4 ; maisons en pierre, 3·1. La proportion par provinces quant au total de la population, est :—Ontario, 43·9 ; Québec, 30·7 ; Nouvelle-Ecosse, 9·3 ; Nouveau-Brunswick, 6·7 ; Manitoba, 3·1 ; Ile du Prince-Edouard, 2·3 ; Colombie-Britannique, 2·0, et les Territoires, 2·0.

Le tableau B a rapport aux maisons et aux familles, ainsi qu'à l'état civil de la population, et montre qu'il y a en Canada, 5·6 personnes par maison, 5·2 personnes par famille et 1 famille par maison. Sur le nombre total des maisons, 65·5 pour 100 ont un étage ; 33·6, deux étages ; 2·5, trois étages et 0·4, quatre étages. Proportion des maisons ayant une chambre, 2·9 ; deux chambres, 8·0 ; trois chambres, 11·0 ; quatre chambres, 15·8 ; cinq chambres, 12·2 ; de six à dix chambres, 43·3 ; de onze à quinze chambres, 5·6 ; seize chambres et au-dessus, 1·2.

In table C the various religious denominations of Canada are represented by the following proportions per thousand of the population: Roman Catholics, 412·2; Church of England, 133·7; Presbyterians, 156·2; Methodists, 175·6; Baptists, 62·9; Lutherans, 13·2; Other Denominations, 27·7, and Not Specified, 18·5.

The places of birth of the people are given in table D, the proportion per 1,000 being: Born in Canada, 866·0; in Great Britain and Ireland, 99·0; in other British Possessions, 2·6; in the United States, 16·8; in Germany, 5·8; in Scandinavia, Poland and Russia, 3·6; in China, 1·9; in France, 1·1; in Other Countries, 2·5; at Sea, 0·1, and Unknown, 0·7.

In table E the place of birth of the father per 1,000 is: Canada, 639·4; Great Britain and Ireland, 298·9; Other Countries, 61·7. Place of birth of mother: Canada, 688·2; Great Britain and Ireland, 254·2; Other Countries, 57·6.

Table F gives the population of cities, towns and villages, with ratios, for the years 1881 and 1891; also a statement showing, by provinces, the movement of population. According to this statement the population of Canada was divided as follows:—

1871	Urban population	18·8	Rural population		81·2
1881	" "	21·1	" "		78·9
1891	" "	28·7	" "		71·3

In table G the ages of the people are given, year by year, from one to five, and above five by groups of years, with their ratios. The population of Canada is also divided into seven classes of ages in the following order:—

Infants, under 1 year	2·49	per cent
Children, 1 to 5 years	10·00	"
Boys and Girls, 5 to 15 years	23·50	"
Youths and Maidens, 15 to 20 years	10·61	"
Young Men and Women, 20 to 30 years	17·81	"
Middle age, 30 to 50 years	21·05	"
Old Men and Women, over 50 years	13·25	"
Not given	1·29	"

Divided into two classes of ages, the population shows the following result:—

Under 20 years	46·60	per cent
Over 20 years	52·11	"

The tables following those already mentioned are sufficiently explained by their respective headings, and require no further explanation.

Table Z gives the population of 1881 and 1891, compared by electoral districts, as constituted by the Readjustment Act, assented to 9th July 1892. All changes made by the above mentioned Act are shown in this table.

Pour chaque 1,000 de la population, 509·1 appartiennent au sexe masculin, et 490·9 au sexe féminin ; 526·8 sont mariés, 39·7 sont en veuvage, et 631·7 enfants et célibataires. La proportion des Canadiens-Français, par 1,000 de la population, s'élève à 290·7.

Dans le tableau C, la proportion des diverses religions est représentée par les chiffres suivants par 1,000 de la population :—Catholiques, 412·2 ; Eglise d'Angleterre, 133·7 ; Presbytériens, 156·2 ; Méthodistes, 175·6 ; Baptistes, 62·9 ; Luthériens, 13·2 ; autres confessions, 27·7 ; non spécifiées, 18·5.

Les lieux de naissance sont donnés dans le tableau D, la proportion par 1,000 de la population étant :—Nés au Canada, 866·0 ; dans le Royaume-Uni, 99·0 ; dans les autres Possessions Britanniques, 2·6 ; aux Etats-Unis, 16·8 ; en Allemagne, 5·8 ; dans la Scandinavie, la Pologne et la Russie, 3·6 ; en Chine, 1·9 ; en France, 1·1 ; dans les autres pays, 2·5 ; en mer, 0·1 ; non donnés, 0·7.

Les lieux de naissance du père et de la mère sont donnés dans le tableau E ; les chiffres suivants représentent le lieu de naissance du père :—Nés au Canada, 639·4 ; dans le Royaume-Uni, 298·9 ; dans les autres pays, 61·7. Lieu de naissance de la mère :—Nées au Canada, 688·2 ; dans le Royaume-Uni, 254·2 ; dans les autres pays, 57.6.

Le tableau F donne la population des villes et des villages, avec proportions, pour les années 1881 et 1891, ainsi qu'un état montrant par provinces le mouvement de la population depuis 1871. D'après cet état, les populations urbaines et rurales se divisaient de la manière suivante :—

1871, population urbaine....	18·8	Population rurale....	81·2
1881 " "	21·1	" "	78·9
1891 " "	28·7	" "	71·3

Dans le tableau G, les âges sont donnés, année par année, de 1 à 5 ans, et ensuite par groupes d'âges, avec leurs proportions. Dans ce tableau, la population du Canada est divisée en six classes d'âges dans l'ordre suivant :—

Audesssous de 1 an.....	2·40	pour 100
1 à 5 ans.....	10·00	"
5 à 15 "	23·50	"
15 à 20 "	10·61	"
20 à 30 "	17·81	"
30 à 50 "	21·05	"
50 et au-dessus.....	13·25	"
Non donnés.....	1·29	"

En divisant la population en deux classes d'âges, on obtient le résultat suivant :—

Au-dessous de 20 ans.....	46·60	pour 100
Au-dessus de 20 ans.....	52·11	"

Les autres tableaux venant à la suite de ceux déjà mentionnés, sont suffisamment expliqués par leurs en-têtes.

Le dernier tableau de ce volume donne la population de 1881 et 1891, comparée par districts électoraux, tels que constitués d'après l'Acte de Rajustement, sanctionné le 9 juillet 1892, ainsi que les changements occasionnés par le dit acte.

* The population in the 1881 column includes the same boundaries as in the 1891 column and, consequently, differs in these cases, where annexations have taken place since 1881, from the population as given by the Census of 1881.

† The Imperial troops stationed in Halifax, and their families (when on the strength of the regiment), are not included in these figures.

* La colonne de 1881 donne la population du même territoire que la colonne de 1891 et conséquemment, dans le cas où il y a eu des annexions de territoire depuis 1881, les chiffres de cette colonne diffèrent de ceux que porte le dénombrement de la même année.

† Les troupes Impériales stationnées à Halifax et les familles appartenant au régiment, ne sont pas comprises dans ces chiffres.
